

Workshops in Glassblowing

Learn the art of hand-blown glass in this 3-day hands-on “hot class” with Ed Fennell.

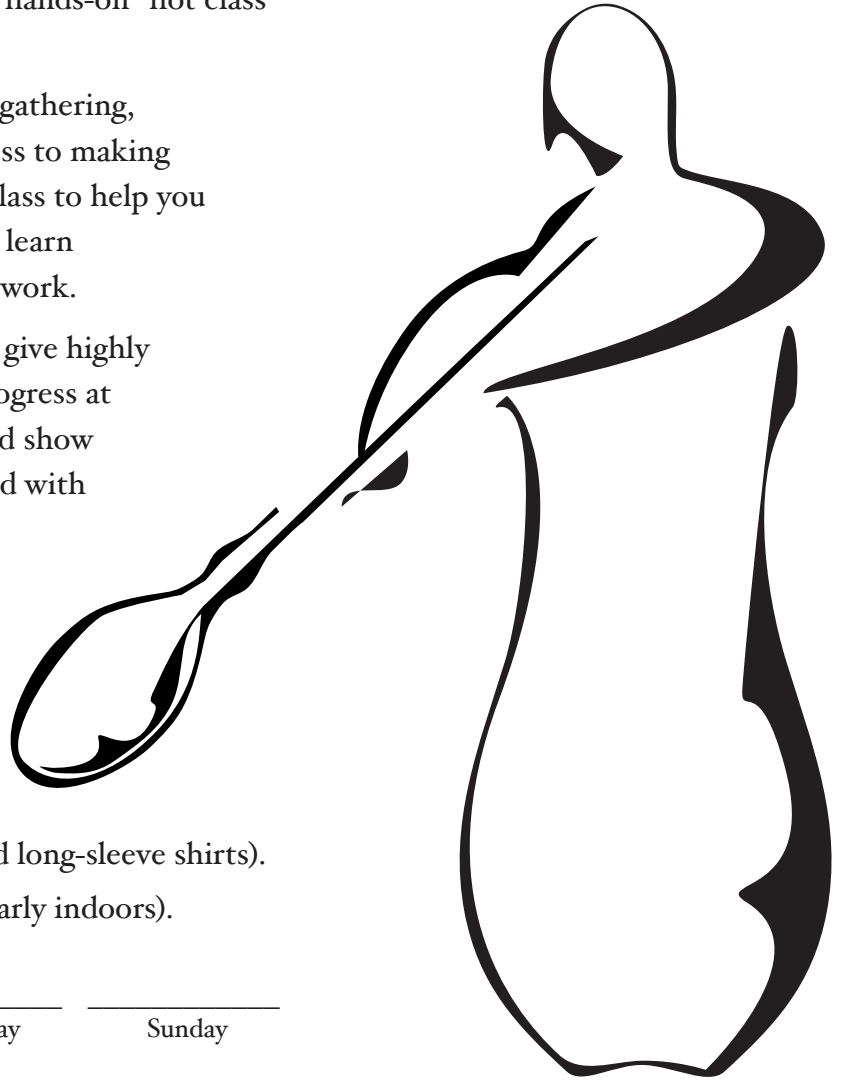

First, you will learn the basics of glassblowing: gathering, marvering, jacking, and blocking. Then, progress to making various glass vessels. You will work with clear glass to help you develop your glass shaping skills. Also, you will learn decoration techniques and apply them to your work.

Classes are limited to 3 people per weekend to give highly interactive, individual, instruction. You will progress at your own pace, and you will be able to keep and show your efforts! The class dates will be coordinated with the students after registration.

Friday 6 p.m. - 9 p.m.

Saturday 9 a.m. - 4 p.m. (lunch provided)

Sunday 10 a.m. - 3 p.m. (lunch provided)

What you need to bring

100% cotton clothes (we recommend jeans and long-sleeve shirts).

Pair of light sunglasses (light enough to see clearly indoors).

My class dates are: _____
Friday Saturday Sunday

Hot Shops Art Center
1312 IZARD ST.
OMAHA, NE 68102
(402) 578.1081

Keep this portion as your reminder
Send this portion to Crystal Forge
